First Motor Car Arrives In Lehi

Gasoline Motor Car Arrives In Lehi on Interurban.

Monday the first interurban passenger car arrived in Lehi, coming over the interurban track from Salt Lake City with its own power. It went only as far as Bishop Gardner's home and then returned. While here it drew crowds of sightseers, the small boy being particularly numerous. The officials of the road from Salt Lake City came on the trip, which was a trip of inspection. A good deal of work will yet have to be done to permit the running of the cars with any degree of speed.

Two engines and twenty gravel cars have been hauling gravel the past week for ballasting the track. It is interesting to watch the way in which it is done. About a dozen cars loaded with gravel are pushed ahead of the engine. When they reach the desired location traps in the bottom of the cars are released and the gravel is deposited in the center of the track between the rails. The cars are pulled ahead a little. Two ties are placed in front of the wheels and the cars are pushed back, making the gravel perfectly level and completely filling the space between the rails. While the engine is going back for another load of gravel fifty little brown Japs place jacks under the rails and tamp the dirt solid under the ties and make a firm road-bed.

Several times the engine and cars have come nearly tipping over where the road bed has been too soft. Considerable grading will be necessary to bring the grade up to standard. Particularly will a lot of gravel be necessary in the vicinity of the mill-pond on both sides of the long trestle.

The officials have not yet set a date for the commencement of operating under a schedule, but indications are that the date will be early in March.

Clever Forgeries Deplete Bank Account

Bogus Checks Signed George Evans May Cause Serious Trouble for American Fork Youth.

George Evans, who is attending a business college in Salt Lake City, was temporarily placed in a humiliating condition last Monday by having one of his checks returned to him marked "No funds." As Mr. Evans thought he had several hundred dollars on deposit he immediately rung up the bank of Lehi and asked for an explanation. He was coolly informed by the cashier that his account already showed good figures in red ink. Then he demanded that a list of his recent checks be read to him, which disclosed the fact that some one else had been drawing on his account, and signing his name to the checks. The bogus checks were such clever imitations of his signature that the bank had cashed them as they came back through the Salt Lake Clearing House. They ranged in size all the way from \$1 up to \$25, \$50, and the last one, which overdrawed the account, was for \$90.

Mr. Evans came down to Lehi with a list of all his checks, including the bad ones, and then it was learned that about fifteen bogus ones had been passed off. Of course his account was soon restored to its proper condition. The bank, Tuesday, returned all the bad checks to the business houses in Salt Lake City who cashed them and the loss will be sustained by those who accepted them.

It appears that a young friend, W. E. Heisel, was at the bottom of the business. He secured from time to time blank checks from Mr. Evans and apparently had an accomplice, who forged the checks and then would endorse them on the back. Young Heisel's signature was always the second one signed, and it appears that he cashed them. Heisel, who is from American Fork, cannot be located, and it is thought he is now in Idaho.

Death Suddenly Calls William Cutler

Stricken With Paralysis—Dies Same Day.

William Cutler was stricken with paralysis Sunday morning about 10 o'clock and died about 11 o'clock the same evening. Feeling in his usual health, he went out to see how his chickens were doing and almost without warning fell to the ground helpless. He first felt a heavy feeling in one foot and thought that a piece of wire had caught on it. Stooping over to examine matters the paralysis attacked his whole side and he fell prostrate, where he was found a few minutes later by his brother-in-law. He was still able to talk and used his right hand in eating dinner. However, the paralysis soon spread and he passed away at 11 o'clock.

What makes the case more sad is the help and devotion he has shown his wife, who has been perfectly helpless the past several years. He seemed to have a kind of presentiment of the coming and about ten days ago he remarked that his time would come before her's, and when chided for making the remark he reiterated the presentment.

Mr. Cutler was born in Bedford-

shire, England, Sept. 12, 1841. In 1865 he married Sarah E. Labrum, and in 1872 they emigrated to Utah. For two years they lived in Salt Lake City, and in 1874 moved to Lehi. For years he was an employee on the old Utah Central railroad, but of late years he has followed farming.

While he has not had any children of his own he has raised three and been more than a father to them.

Funeral services were held in the Tabernacle at 1 o'clock Wednesday. Bishop James H. Gardner presided. The other speakers were George Austin and Joseph S. Broadbent. Mrs. Hazel Holmstead sang a solo.

GEORGE N. CHILD FOR SUPERINTENDENT OF PUBLIC INSTRUCTION

His Nomination on Democratic Ticket Seems Probable.

The Salt Lake City papers of the past week contained illustrated write-ups of a movement that aims at making George N. Child state superintendent of public instruction. Mr. Child, when interviewed at the county teachers' institute regarding the matter, was very reticent about talking of the matter and said that the articles were written without his knowledge or consent, and that as yet he had not announced his candidacy.

From another source it is learned that there is a very strong movement on foot among many of the leading educators from different parts of the state to place Mr. Child on the ticket this fall.

At present he is supervisor of the grammar grades in the Salt Lake City schools, where he has made a most excellent record since moving from Lehi about four years ago. Should he be persuaded to permit his name to go on the ticket he will get almost the solid vote of Lehi and Utah county, with most excellent chances of his election.

UNKNOWN DISEASE CAUSE OF DEATH

Two Deaths from Same Cause Exactly One Month Apart.

Last Saturday the grim reaper again visited the home of Mr. and Mrs. Wilford Hardman, this time taking their one-year-old baby. One month ago to the day they lost their five-year-old boy from what appeared to be croup. The attack came on suddenly and ended in death within about twenty-four hours. The death of the baby Saturday was apparently due from the same cause, and the child was ill about the same length of time. An autopsy was performed but the membrane of the throat showed no signs of diphtheria though two children of Isaac Hardman, who live close by, were found to have well developed though not serious cases of the dread disease. The child was interred in the River-ton cemetery.

AGED VETERAN LOOSES HIS RIGHT ARM

Joseph Slater, Sr., is in a very bad way, suffering from a cancer. The malignant growth has eaten away nearly all the flesh from one hand and is now eating up his arm. An operation, which means the removal of his arm is being seriously discussed, but it is feared that because of his advanced age and weakened condition such an operation would be extremely dangerous.

The operation referred to was performed Wednesday by Drs. Holtbrook, Hasler and Noyes. The right arm was taken off about three inches above the elbow. The patient came out of the anesthetic fine and rallied satisfactorily after the operation. He is 82 years of age and is probably good for several more years, though the result of this operation will be watched with much anxiety by his many friends.

NEW SUBS FOR LEHI.

The Banner will be found in the following homes the coming year. Following are new subscribers this week:

G. A. Varney	J. T. Powell
Lott A. Russon	Mrs. Eliza Rockwell
Smith Robinson	Charles Colledge
R. J. Duberon	M. C. Hansen
Lionel Evans	Richard Norman
Abe Cook	Mrs. Lillie Richey
Delbert McDaniel	Mrs. John Makin
John Wing, Sr.	Wm. T. Loveridge
Jerome J. Davis	Maria Loader
Mrs. Fred Shelton	Frank Gurney
Lee Anderson	Millard Roberts
John Sabey	Abe Powell
James Welling	Sarah Rhodes
H. A. Wilson	J. N. Butt
Maggie Patterson	Joseph Scorey
L. B. Slater	Charlotte Gough

DEATH OF LITTLE BABY.

Monday the infant baby of Mr. and Mrs. Theodore Bateman passed away. It was born on Lincoln's birthday and lived but four days. Wednesday the little one was laid away, funeral services being held at the Bateman residence.

MISS SUSAN RUSSON TENDERLY LAID TO REST

One of the largest funerals held in Lehi was that of Miss Susan Russon, Monday, in the Tabernacle. Many friends and relatives were in attendance from Provo and Springville.

Bishop John Stoker presided over the services. Other speakers were Elisha Peck, Jr., James E. Hall of Springville, Edward Southwick and Bishop James H. Gardner. The Second Ward choir furnished the music and there was a duet by Lodecia Mayberry and Maud Galsford and a solo by Mrs. T. F. Kirkham.

The following biographical sketch was read:

Sister Susan Russon, daughter of George E. Russon and Susan Inza Houtz Russon, was born October 24, 1895, at Lehi, Utah. Was baptized October 24, 1903, by her father. Was confirmed October 25, 1903, by Lott Russon, Sr. She was sustained as secretary of the Fourth Ward Primary Association, Sept. 29, 1913. Has been a member of the Fourth Ward choir for the past six months.

Through her punctual attendance and active work in the ward she had been selected and sustained by the bishopric and Sunday school superintendency as a Sunday school teacher only the night before she passed away. She was ever ready to perform any duty and take part on the programs of the several ward organizations. Only last Sunday week her sweet voice was heard in recitation at the Sunday school session. Her lovable disposition and purity of character made her a favorite among her associates; therefore Susie will be greatly missed by all who knew her.

The ward has lost one of the most faithful, able and energetic workers. She had great faith in the Gospel and passed peacefully away in full faith of a glorious resurrection.

She leaves her grand parents, father, mother, brothers and sisters and a large circle of relatives and friends to mourn her loss.

TEACHERS' INSTITUTE A GREAT SUCCESS

Resolutions Adopted Thanking People of Lehi for Generous Treatment.

The County Teachers' Institute held its closing session Saturday. The convention was one of the best ever held. The attendance was all that could be desired and the quality of the talks by the leading educators was unsurpassed.

The visiting educators present were State Superintendent of Public Instruction Mathison, Dr. E. G. Gowans, Dr. E. D. Ball of the State Agricultural College, Supervisor George N. Child and Prof. Joseph Peterson of the U. of U. All gave most excellent talks, besides the departmental sessions that were held.

At the close of the afternoon session Professor Aird of the Lincoln district introduced the following resolution, which was enthusiastically adopted:

Be it resolved, that we, the visiting teachers, extend our most hearty thanks to the school board and teachers of Lehi for their excellent entertainment of Friday evening and their courtesy during our stay.

To the people of Lehi for taking us into their homes and entertaining us so royally. To the church authorities for the use of the Tabernacle and the ladies for the excellent service at the tables.

To the High School and grade boys and girls for their excellent music. To the silver band for their stirring reception of airs at the depot. To the county superintendent for his genial smile and optimism. To the visiting educators for their valued help, and to all who have contributed to the great success of this institution.

NEW CLUB ORGANIZED.

Last Monday evening a number of young ladies met and organized what will be known as the S. S. S. Club. The ten members are Inez Hammer, Ferol Stewart, Neta Hammer, Effie Schow, Martha Taylor, Vera Taylor, Viri Clark, Della Hales, Hazel Goates and Myrtle Stewart. They will hold Kensingtons each Monday evening.

HOME ECONOMICS PROGRAM.

The Home Economics Club will meet in the grammar grade school building Wednesday evening, Feb. 25, at 7:30 o'clock. The subject of the economical use of meat in the home will be

discussed, as follows:

Texture and Flavor of Meat—Mrs. S. L. Wells.
Utilizing the Fat, Bone and Trimmings in Meats, and the Left-Over Cold Meats—Mrs. F. A. Child.
Utilizing the Creaper Cuts of Meat

in Palatable Dishes—Mrs. J. M. Kirkham.
Paper on Babyology; subject, Pure Air—Mrs. George Phillips.
Discussion, led by Mrs. Abe Anderson.
Duet by Mrs. Thomas Clark and Mrs. George Whitman.

"It's such a money maker at so small a cost" ---

said a Utah County farmer the other day, discussing his electrically operated irrigation system.

"I always have water when I need it---"

"I always get a better and bigger crop than when I irrigated by gravity ditch system---"

"And, I always save a good round sum each season on the cost of irrigating my land."

Write today and let our engineers show you how easily and cheaply you can use electricity for irrigation.
